

## The booking side of your guide business — minus the headache.

A custom website at your domain, a booking portal customers will actually use, trip-day messages sent automatically under your charter's name, and a reports dashboard built for tax season. We handle the software so you can focus on running the trip.

### WHAT YOU GET

#### Custom guide website

A real site at your domain — photos, trip types, calendar, reviews. Not a directory listing. Five templates; we build it for you.

#### Automated communication

Confirmation, 48-hour reminder, weather-delay notice, post-trip thanks — all sent under your charter's name, on our infrastructure.

#### Booking portal

Customers pick a date, book the trip, pay, sign waivers, and leave reviews. You auto-confirm or hold-and-confirm — your call per booking.

#### Reports + sales tax

Revenue, occupancy, repeat customers, top trip types. CSV export for your accountant. State sales-tax breakdown built in.

### PRICING

<b>ONE-TIME SETUP</b>	<b>\$250 - \$750</b>	Site build, customer-list import, Stripe Connect setup, training. Tier scales with your customer-list size.
<b>MONTHLY</b>	<b>\$29 / month</b>	Cancel anytime. First 3–5 pilot charters: 60 days free — no monthly, no setup fee, no booking fee.
<b>BOOKING FEE</b>	<b>5% of bookings</b>	Only on bookings collected through the portal. Card processing passes through at cost.

### WHO IT'S FOR

#### FISHING GUIDES

Inshore + offshore on the Gulf and Southeastern coasts, freshwater bass, fly and tailwater. 1–3 boats, 50+ trips/year.

#### HUNTING OUTFITTERS

Waterfowl, deer, turkey, upland, dove, hog. Owner-operated lodges and single-property setups.

#### MULTI-VERTICAL GUIDES

Hunts in fall, fishing in summer? One portal, one customer list, one set of reports.
